Cadet Inspection

Ridley Corps Wins Strathcona Shield

The annual Cadet Inspection went off without a hitch this year following the equally successful church parade to St. Thomas' the Sunday before. The Reviewing Officer was General James Quinn of Ottawa, and he was treated to a superb showing from a total of 13 platoons. The performance, along with the year's Cadet program, earned the Corps the coveted Strathcona Shield as the best closed corps in Ontario.

Major P. E. Lewis

Headmaster's Message

(The following are excerpted from the Headmaster's remarks at Prize Day, June 9, 1984.)

The minds of the graduates are, right this minute, almost incapable of absorbing any thoughts or feelings of lasting import. Yet, inevitably we have to speak to you — it is the last chance! What is there to say that could be new, that hasn't been said or implied in Monday morning talks for the past three years? That hasn't been conveyed in both formal and informal conversations and greetings?

You know that I think that all of you are inclined to self-indulgence, to self-pity, and to selfishness — and that one of the major roles of Ridley has been to tamp down, to channel, or at best to harass you in your attempt to wallow in these common human attributes. You know that I think it is important to work hard and to use your mind — but, also to keep a balance and a sense of humour. You know that all the faculty here want excellence, but they also want sanity. And, you know that you have been expected to be involved, to interact with others, to engage in extracurricular activities — because the social experience that you gain from such interaction will stand you in better stead in any activity you pursue in life, than any fact or even concept that you have learned in a classroom here by the banks of Twelve Mile Creek.

What we have attempted to give you is a broad education, what is often referred to in the English-speaking world as a liberal education. Dr. Strangway, President of the University of Toronto, in his address to the Headmaster's Conference which we had here at Ridley at the end of April, spoke against the fixation on specific, specialized, narrow routes in education. This is in part because people's vocations increasingly change in this world; but more because many different kinds of education can fit one for leadership, especially in a field like business. He pointed out that business leaders who had math-science degrees uniformly said their studies

were the best preparation for their corporate leadership positions; so, however, did those who had English, History, Modern Language, or even Classics degrees!

An eccentric early 19th Century English schoolmaster at Eton, William Cory Johnson, summarized the essence of a liberal education in a way which I have always found refreshing. He said that a liberal education, in any age or time, strives for the following:

1. **"For The Habit of Attention"** — The ability to concentrate, to focus on something meaningful and worthwhile . . . a few of you have picked that up.

2. **"For The Art of Expression"** — Both written and oral — you have all been pressed on that front further than most of you wanted to go — a few of you can express yourselves quite well, in words of more than one syllable or four letters.

3. **"For The Art of Assuming at a Moment's Notice a New Intellectual Position"** — This is not sophistry, but quickness and flexibility of mind; you never know your own case so well as when you are forced to argue its opposite.

4. **"For The Art of Entering Into Another Person's Thoughts"** — This too requires quickness of mind — but also the ability to listen, and to understand; to empathize with another human being — the close social quarters of Ridley have given all of us some practice in that skill.

5. **"For The Habit of Submitting to Censure and Reputation"** — The ability to listen to and understand criticism. A prefect mentioned during the selection of new prefects this year that what he had learned most from his year as a prefect was not to take criticism, or even discussion of his ideas in a personal, defensive way — as he had tended to at the start of the year; this doesn't mean just developing thick skins — some of you have the hide of a rhinoceros — you've taken so much criticism — but the ability to learn from criticism, and the control to make a measured response.

6. **"For The Art of Indicating Assent or Dissent in Graduated Terms"** — None of you now ever go off half-cocked, ever fly off the handle in outrage over minor things; all of you have immense and thoughtful perspective . . .

7. **"For The Art of Working Out What is Possible In A Given Time . . ."** — Ridley gives its senior students in particular some real challenge and practice in this aspect of a liberal education. All of us have learned to plan out time so well. As did the four young men (no young women) who handed their term papers in late in my 5A U.S. History class.

8. **"For Taste"** — Ah, a nice 19th Century English gentleman's word? Or is it? Taste is relative, but it has some constants — it resists fads, it makes judgements (does not just satisfy raw appetites), and it does not act out emotional needs by attention-getting. None of you ever engage in attention-getting!

9. **"For Discrimination"** — Not in the sense of prejudice, but in the sense of an ability to make distinctions; rational, reasoned choices — I'm sure you will make rationed reasoned choices invariably from now on — especially tonight and tomorrow night . . .

10. **"For Mental Courage"** — The ability to stand up for what one thinks, what one believes — not just follow the leader, or sink to the lowest common denominator; it also means the courage to use your mind — not bury it in catering to hedonism or mindless chaff — whether the great North American mindless pursuit of sport via video; or in the pettiness of material and social one-upmanship.

11. **"And Mental Soberness"** — Ah! What a red flag that is this day! But, what is soberness? From the Latin a few of you learned from Mr. Cooke, Rev. Shantz, or Mr. Siewert; sobrus means "not drunk"; but it also means not excessive, exaggerated, or frivolous. As one dictionary puts it, "characterized by self-control or sanity; reasonable, rational."

We have failed if you have not all derived some mental soberness from your Ridley experience. . . .

Tours and exchanges got the spring off to a very busy start, what with the Cricket Tour of Jamaica and the annual Arctic Trip during the March vacation. Since then the Grade 12's have had a University Day tour of Western with a special reception for them at Huron College. And, 30 Grade 11, (and a few Grade 12) French students have had a weeks' exchange to Mont Laurier, Quebec . . . **The Officers for No. 162 RC (A) Cadet Corps**, Canada's largest cadet corps, for 1984-85 are: Commanding Officer, L.Col. Spencer Kraik '85 of Inglewood, Ont.; 2nd in command, Maj. Ian Pitcher '85 of St. David's, Bermuda; RSM, RSM Steven Garvey '85 of Toronto; and Drum Sgt. Major, DSM Rob Ingall, '85, of Grosse Pointe, Michigan. Ridley beat out SAC by a reputed 7/10ths of a point to win the Strathcona Cup for the highest proficiency score at the annual inspection . . . **The University of Waterloo Descartes Mathematics Contest**, 1984 saw a Ridley team of Stephen Burpee of St. Catharines, Amos Lau of Thornhill, Ont., and Jamie Dunwoody of Mississauga place 1st of 25 schools in the SE Ontario zone, and rank 59th out of 477 schools in Canada. Some local comparisons saw University of Toronto Schools placing 1st to Ridley's 2nd among Ontario independent schools, with Appleby, UCC, Hillfield-Strathallan and TCS following in descending order . . . At the **Summer Term Sports Awards Dinner**, June 8th, Mike Banville, '84 of Winnipeg, Manitoba won the Matheson Trophy as the best male athlete, and Liz Murphy, '84 of Toronto won the C.W. Dorland Trophy for the greatest contribution to the female athletic programme. Rugby awards included the Rod Jack Memorial to Jamie Dunwoody, and the Most Valuable Player award to Rob Ingall. The Tennis M.V.P. went to Lisa Lockyer '85 of Arva, Ont., who played with the boys team. Cricket awards were dominated by Capt. John Crawford who won the Venable Memorial and the Wood Bowling Trophy; and Pat Nield, '85 of St. Catharines, who won the Jamieson highest batting trophy, and an award for scoring 52 runs vs T.C.S. Oarsman of the year was Darby Berkhout, '85 of Fonthill, Ont. and the captain. Terence Cronyn Award for novice oarsperson went to Charlie

Nickerson, '87 of St. Catharines, and Alison Thom, '85 of Fonthill. Chris Critelli, Co-ordinator of Women's Athletics at Brock University, was the guest speaker . . . **The Ridley College Cadet Corps Band Drill Team and Colour Party** marched in the Blossom Parade in Niagara Falls, May 6th. DSM Greg Chapman is proud that the Ridley aggregation won a trophy for 2nd place among the 100 groups entered! . . . **The Independent Schools Music Festival** in Massey Hall, Toronto, on April 12 had larger than normal Ridley participation this year, with over 30 Upper School students in the Choir, the String Ensemble, the Junior Band and the Senior Band participating in the cast of hundreds . . . **The Ridley Lower School Choir**, was, at the same time, on a tour to sing in Montreal at St. Matthias and St. James Churches, and enjoyed the hospitality of Ridley Governor, John Stevens at his cottage in the Laurentians . . . **Third Round of the Fulford Cup Independent School Debating Championships** was held at Ridley, Saturday, April 14, with 72 visiting debaters and a dozen coaches, and 60 judges. University of Toronto schools won . . . **Shamez Kanji** represented Southern Ontario in the National Debating Championships in Saskatoon, for a week in late April . . . **Quentin Keynes**, famous British naturalist, photographer, conservationist, and lecturer, presented his "To Spot a Zebra" in Upper School, May 9th, and a Madagascar film in Lower School, May 12th. Last year Mr. Keynes showed his views of St. Helena, the Falklands, and the Galapagos. He is the great grandson of Charles Darwin and the nephew of economist, John Maynard Keynes. Ridleyans Derek Finkle, Doug Mason and possibly Paul Moyer will be accompanying Mr. Keynes on his African photo safari this summer . . . **The Niagara Branch of the Ridley College Women's Guild** has voted several thousand dollars from its earnings at the Big "R" Bazaar, Mementoes Table, and hockey game snack bar to: 1) purchase equipment including a hydrocolator, a small freezer for ice storage, and a whirlpool for Mr. Corolis' athletic clinic; 2) various video photographic, and lighting equipment for arts and drama; and, 3) new volleyball nets and standards and a set of light (50 lb.

bar) weights intended primarily for girls. In addition the Niagara Branch has supplied \$15,000 for Bursary Funds . . . **The Toronto Branch of the Women's Guild** features fundraising for a new bus to replace the aging "Lower School" bus; it is to be a larger 38-seater with more comfortable seats and more storage space. Their annual Toronto fundraiser this year was a highly successful dinner dance and auction at the Harbour Castle, "Puttin' on the Ritz", Friday, April 13th, which netted \$13,000. The Branch has put \$15,000 towards the bus . . . **The Admissions Department** indicates that given normal attrition, places in Upper School for girls above Grade 10 are filled, as the boys' slots in Grades 12 and 13 . . . The Financial Assistance Committee has allocated \$328,000 in Bursaries and \$46,500 in Loans Funds. Total for this year will reach \$400,000 in grants, \$52,000 in tuition loans . . . **Robin Ramcharan** placed 2nd in his category in the Niagara Region French Competition at Brock University, May 12. He was 1st in composition . . . **Confirmation Sunday**, at 7:00 p.m., May 27, Bishop John Bothwell confirmed 16 students — eight from Lower School and eight from Upper School . . . **Cadet Inspection**, Friday, May 11 saw the Major's largest Cadet Corps 560-strong parade, nine Upper School platoons strong, before Lt. Gen Quinn, Commander of all the Cadet Corps in Canada. Best recruit was Paul Korber, best Cadet, Sgt. Peter Willett . . . **Simon Wong** placed 39th out of 4,874 competitors in the Sir Isaac Newton Physics Contest sponsored by the University of Waterloo. He was on a six member Ridley team which consisted of: Simon Wong, Amos Lau, Mark Knowles, Carolyn Jacques, John Brunt, and Stephen Burpee . . . On the Victoria Day Break four students from Ridley went on an expedition to obtain their **Duke of Edinburgh Gold Level Award**. Patrick Maher, Peter Law, Peter Langlois and Walter Eccles journeyed down the Grand River from north of Kitchener to Dunnville, a distance of 150 km in three and a half days . . . **Ridley Teaching Intern** for the Michaelmas and Trinity terms this year, Peter MacGowan, has been selected to row in the pairs for the Canadian Rowing team in the Los Angeles Olympics this summer. He trained in British Columbia all winter.

Lower School Notes

The 160 boys in Lower School managed to wade their way through the many snow storms to a wide variety of activities available during the winter. Not content with a full slate of classes and sports, the boys entered into a number of activities from rockets to board games to the play. Their enthusiasm led the staff to contemplate a four day "trip" session where different groups could go with a master to an area of interest and remain there. For example, grade eight science and geography could combine, at the Frost Centre near Dorset, a study of minerals, rocks and land formations — and cross country skiing!

The 3 hockey teams enjoyed an exciting season — the wins matched the losses, but most games were close. It was a tremendous change to see the boys concentrating on passing and plays because body checking was not permitted, a real pleasure to see players enjoy a game for the speed and alertness involved. The third basketball team became a permanent fixture this year, with Mike Rice as their coach. The first and second teams had their usual success stories; however, the third team lost only 3 games, and we look forward to the presence of their members on the first and second teams next year. Throughout all of this, classes and extra studies carried on to push the students to greater academic prowess.

The spring term opened with rain and sleet. Usually called the Trinity Term, it was really Lent and Easter — but the weather did not know this! Cricket was indoors until early May; the chosen ones of the choir spent a weekend singing in Montreal and Ottawa; and the play 'Oliver' managed to attract half of the Lower School as

either actors or stage hands. This magnificent production was a salute to Messrs Coy and Cosgrove as well as the boys — well done!

Suddenly, Church Parade and Cadet Inspection arrived. The Mohawk Tribe took the marching honours, and the entire battalion won the Strathcona Shield. Then we discovered the end of term facing us. Frantic preparations were made for final examinations, and the school year finished, passing into the nostalgia of Younis' excursion with worms and with donuts, and the Headmaster's humorous summary of the year in the Lower School quad on June 9.

Alumni Sports Update

Rowing

Rowing for Canada at the World Championships held at Lucerne, Switzerland and at the Summer Olympic Games at Los Angeles.

JANE TREGUNNO '81, the first Ridleyian to win a Canadian Schoolboy Championship in the Girls Single Scull is rowing stroke in the Canadian cox-four.

BRIAN McMAHON '80, after winning Royal Henley, Stotesbury, American and Canadian Schoolboy medals as coxswain is now coxswain of the Canadian eight.

NEIL CAMPBELL '51, Head Coach of the Ridley Rowing Programme since 1968 is Coach of the Canadian eight.

MARK WILSON '80, has been Captain of Princeton rowing. He was a member of the cox-four that won the I.R.A. (Intercollegiate Rowing Association) championship. He is competing at the Royal Henley for the Ladies Challenge Plate in the Princeton Varsity eight.

SARAH E. MORRISON '83, is coxswain of the novice girls' eight at Princeton University

JIM E. HAAS '81, and MICHAEL F. WODCHIS '80, were members of

the Syracuse Varsity eight that came fourth in the I.R.A.'s.

TIMOTHY C. BRISTOW '80, of Syracuse took the year off to try for the Canadian eight. Unfortunately he did not make the crew. However, he will be returning to Syracuse in the fall as Captain of Rowing and a member of the Varsity eight.

JASON C. DORLAND '83, was four seat, KEVIN J. O'BRIEN '83, stroke, and DAVID W. WALKER '83, bow, in the Syracuse University Freshman eight that came second in the I.R.A.'s.

ROBERT E. E. SILK '83, was a member of the Varsity eight at Temple University.

RICHARD D. WILSON '84, has been a member of the Freshman eight crew at the University of Pennsylvania.

CHIPMAN A. PURDOM '79, has been appointed head rowing coach at the University of Nebraska.

Swimming

DAVID A. SHEMILT '83, of Toronto has been selected to represent Canada in swimming at the Summer Olympics in Los Angeles. He will be competing in both the 400 and 1500 metre free style events.

Profiles on New Prefects

DARBY BERKHOUT is one of four designated prefects who happen to be boarders in School House. He is from nearby Fonthill, Ontario, and he entered Ridley in Grade 10 from Notre Dame in Welland, following two older brothers and a sister. In his Grade 10 year, Darby captained the U/16 hockey team and rowed on the Junior Heavy Eights. He then took Grade 11 out, but returned this year to a starting position on 1st Soccer in its first year playing the sport. In the winter he trained for the Heavy Eights, which he helped to their victory at Stotesbury. A hard worker in the Tuck Shop, Darby is a good mathematics student with a B-overall average.

GEORGINA BLACK, St. Catharines day student from Dean's House, accepted the challenge of the Headmaster's invitation to become a School Prefect by cable from Bordeaux, France, where she is spending the spring term attending a convent school during the week, and spending weekends on a chateau in the Margeaux Region of the wine country of south-eastern France. Gina, a serious and hard working student since she entered Ridley in Grade 11 from Sir Winston Churchill Secondary School, is also an excellent athlete, having played 1st Volleyball and Basketball this year. She has also participated in a host of extracurricular activities. A member of the band, the Chapel Servers' Guild, and the Social Work Group in Grade 11, Gina has this year participated in debating including the St. Clement's Invitational and the first round of the Fulford Cup; she also played a fine comedy role in the one-act play this winter, the *Bach Variations*.

CARLOS BRUDERER, became a member of Arthur Bishop House in his Grade 10 year, coming from the American School of Guatemala City, Guatemala, and has set an amazing example of thoughtful good citizenship and outstanding academic achievement to his North American brethren ever since. At or near the top of his class every term since September of 1981, Carlos stood No. 2 at the end of the Lent Term this year. Carlos won the Academic Proficiency Award and the Special Achievement Award for Grade 11, and he also received the Fagan-Davies Award. A member of the 1st Swimming Team for the last two years, Carlos has also played 2nd Football and 2nd Tennis, and served as a volunteer in the Tuck Shop. Highly respected by his fellow students and staff, his strong, quiet

example should add strength to the Prefect Body.

ROB INGALL Ever since Rob entered Grade 10 at Ridley from the University-Liggett School in Grosse Point, Michigan, many have marked him as "prefect material". Strong, straight, but outspoken and extremely pleasant to a wide variety of people, Rob has thrown himself vigorously into the athletic program as an enthusiastic member of 1st Soccer, U/16 Hockey, and 2nd Basketball. A chorister, Rob is also a member of the Servers' Guild, a Tuck Shop volunteer, and a Cheerleader. In his Grade 10 year he won the Prefect Scholarship Award, and Junior Public Speaking Prize. In his Grade 11 he won the Honorable Justice Kingstone Prize for 2nd Place in the Senior Public Speaking Contest, and debated in both Fulford Cup and OSDU Debating. In his spare time, he sang in the *Jesus Christ Superstar* chorus in Grade 10, *Trial by Jury*, and the Ridley Singers in Grade 11. A Gooderham House refugee to School House this year, Rob has fitted in well — as he would almost anywhere.

SARAH KESTLE entered Ridley in Grade 11 from O'Neill Collegiate in Oshawa, Ontario, following her older brother, Paul. In Dean's House her first year, Sarah moved with the first wave of girls into Gooderham West this year. A versatile athlete when not bothered by her current back problems, Sarah has been on the Curling Team, 1st Girls' Swimming, and this fall was goalie of 1st Field Hockey. A friendly individualist, Sarah is a serious student who plans a career in Engineering.

LORENZO KLING entered Ridley in Grade 8 Lower School from the Anglo Columbian School in Bogata, Columbia. In Upper School he has resided in School House, earned a B+ or better academic average, and has been active in a host of athletic and extracurricular activities. Despite his small, wiry build, Lorenzo has been extremely active in athletics — a member of 1st Soccer for two years, junior and now senior Rugby, and 1st Basketball. In Grade 10 he competed in the Junior Public Speaking Contest.

PAUL KORBER is one of the few male prefects to be named in recent years who entered Ridley in Grade 12, from Espanola High School in the far northwest of Ontario. In his short time at Ridley, Paul has distinguished himself as an exceedingly conscientious and yet invariably pleasant member of Merritt Scott House. he has been a ca-

pable student, carrying three Grade 13 courses in his Grade 12 year, while playing 2nd Soccer and skating on 1st Hockey this winter.

SPENCER KRAIK was a good deal smaller than he is now, when he entered Ridley Lower School in Grade 7 from Princess Margaret Junior School in Islington, Ontario. Spencer started rowing in the Junior Heavy Eights when he came to School House in Grade 10, and has rowed in the Senior Heavies for the last two years. He is also an excellent trumpeter, and has played in the band and in several concert groups at Ridley while also distinguishing himself in 1st Football, on the Dance Committee, and the Rifle Team.

SEAN MURPHY, another new Grade 12 from Espanola, Ontario, has distinguished himself both as a scholar and an athlete since he arrived in Merritt Scott this fall. A star Bantam and Midget Hockey player in Espanola, Sean was a high scoring member of 1st Hockey this winter, (winning the W. C. Montgomery Trophy for Rookie of the Year) while also holding down an A-average that placed him No. 9 among 113 in Grade 12. Seldom has a student made a more impressive mark on Ridley in just one year.

SAMANTHA PEERIS entered Dean's House at Ridley in Grade 11 after three years at Hillfield-Strathallan School in Hamilton. An excellent athlete, Sam played on 1st Badminton, 1st Girls' Soccer, and brought considerable experience to Ridley's inaugural 1st Girls' Field Hockey team this fall. She has been named Editor for ACTA for next year, and has been active in the Social Work Group, the Rifle Team, the Honour Code Committee, and has won her Duke of Edinburgh Silver Award. Admitted to McGill for next year, Sam has elected to hold for Ontario University options after Grade 13.

IAN PITCHER came to Arthur Bishop House in Grade 10 from St. David's, Bermuda, where he had attended Saltus Grammar School, and picked up the fine cricket skills that have made him a member of the 1st Team ever since his Grade 10 year. Ian is also an enthusiastic soccer player whose drive and natural leadership have aided the 1st team through the last two autumns. The marker carrying the guidon of the Cadet Drill Team, Ian spends his winters with the small, elite Gymnastics Squad. His shorts and knee socks which appear with the slightest warming trend in Ontario weather, are testimony to his optimistic Island spirit!

A Salute to

Long Term Parents

With the departure of Colin McClelland '84, youngest son of Donald G. McClelland '39, in June it seemed a good idea to investigate the families who have sent the most sons (and now daughters) to the School for the longest consecutive periods of time.

You will find the four leading families with their sons' names, years at the School, their total number of years at the School and the number of consecutive years their sons spent at Ridley.

Board of Governors Profile

The following are brief introductions to four of Ridley's newest Governors:

John R. Anderson

John graduated from Ridley in 1965 after spending four years at the School. During his time at the School he was a contributing editor for *Acta*, played for four years in the Cadet band, swam (with limited success) for four years on the School's swim team and was a School prefect in his final year.

After leaving Ridley John went to the University of Toronto and graduated with a BA in 1968. Upon graduation John joined Clarkson Gordon in their Toronto office and obtained his CA designation in 1971. John was made a partner in the firm in 1979.

While at University, and for a few years after, John was a member of the Old Boys Association and has been the Class Agent for the Class of 1965 for the last 18 years. John joined the Finance Committee of the Board of Governors in 1974 and has been the Vice-Chairman of this Committee for the last three years.

John is married to Judy and they have three daughters, Kendall, Lindsay and Kathryn.

Headmaster's Conference Questionnaire Report

Of the 445 Headmaster's Conference questionnaires mailed out to a selected poll group 300 were sent to Alumni, and 145 to Current and Past Parents, and Faculty of Ridley College.

142 Alumni plus 52 Parents and Faculty returned their questionnaire, which is a 43.5% response rate of the field polled. 47.3% of Alumni responded; 35% of Parents and Faculty.

The response ratio to the questionnaire was 142 Alumni to 52 Parents, or 3 to 1 Alumni weighted.

The questionnaire was written by the Headmaster and edited by a Ridley Second Century planning committee. The questionnaire serves as a vehicle to generate thinking by the Family on the subject of the future of the College, and it gave the Headmaster's Conference a planning foundation for their seminar presentations. Now that the results are compiled and the conference has taken place (April 27 & 28, 1984), Governors, committees of the Board, the Administration and Faculty of the College have a sample of information from the Family which can help guide the future planning and action of the School into its 2nd century and the world's 21st. At this point we would like to thank two alumni who helped edit the questionnaire before it went out to the poll; their contribution improved the piece very much. Thank you to Frank W.P. Convery, Class of '43, Chairman Hedwyn Communications Inc., and to Harold J. Scandrett, Class of '43, Senior Vice President, F.H. Hayhurst Co. Ltd. Responses to the questionnaire were tallied by the '83-'84 School prefects at Ridley and Miss Virginia Medland, development officer.

1. Q. Please rate on a scale of 1-Very Important to 5-Of Little Importance the attributes of Ridley College which you feel most contribute to its particular strengths as a School.

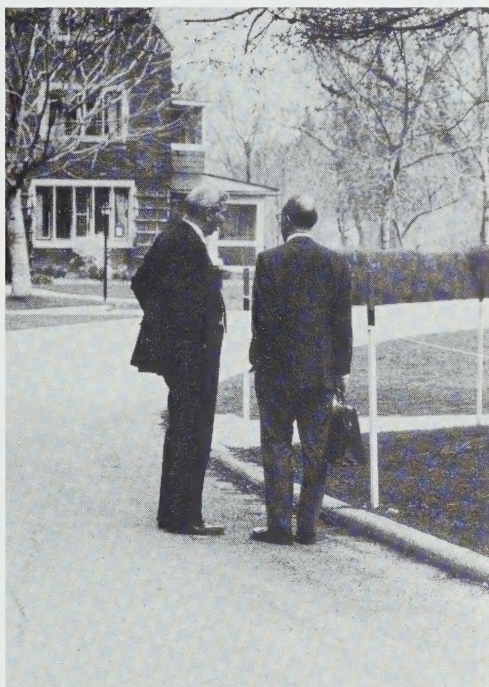

The attributes: History & Traditions: Academic Programme: Sports & Extra Curriculars: Alumni Loyalty: Physical Plant: Moral Standards: Board of Governors: Faculty: Administrative Leadership: Other:

A. The top 3 attributes receiving #1's were
Faculty (112 #1's)
Academic Programme (109 #1's)
Moral Standards (103 #1's)
The 3 attributes receiving the most #2's were
Sports & Extra Curriculars (83 #2's)
History & Traditions (76 #2's)
Physical Plant (74 #2's)
The remaining attributes ranked
Alumni Loyalty (41 #1's, 72 #2's, 57 #3's)

Board of Governors (26 #1's, 63 #2's, 75 #3's)
Administrative Leadership (59 #1's, 63 #2's, 75 #3's)
Other: Cadets, Headmaster.

2. Q. How well do you think the College is communicating its distinctive qualities, programmes, and people to:

	WELL	FAIRLY WELL	NOT WELL	DON'T KNOW
The Public	8	59	31	34
The Family	75	91	55	51
Prospective Students	46	32	20	48
Prospective Parents	27	46	43	69

Current Parent W. Darcy McKeough '51 with Past Parent and Class Agent Bill Vick '32 outside School House.

3. Q. & A. Questionnaire respondents agreed that the number of hours (14) between 8am and 10pm devoted to the various aspects of a Ridley education was fine as is.

4. Q. Currently 25% of Ridley Upper School enrolment are day students. What percentage would you think reasonable?

A. 22.4%

5. Q. Currently 27% of Ridley Upper School enrolment is female. What percentage would you like to see?

A. 30.6%

6. Q. How do you react to the statement, "Ridley teachers should be paid at least comparably to the best independent school salaries in Canada, and that the School should move toward total remuneration parity (salary + room + board) with the public school sector.

A. 91 Agreed Strongly 76 Agreed
2 Disagreed Strongly 12 Disagreed
Therefore 86% (91 + 76) of the respondents agreed that Ridley teachers should be paid at least comparably to the best independent school salaries in Canada, and that the School should move toward total remuneration parity with the public school sector.

7. Q. Applications for student places at Ridley have been increasing in the past few years. How should this increase be responded to?

A. 87% checked by keeping the school the same size.
58% Keep the school the same size by being more selective on the basis of character, personality, and extra curricular talents.
29% Keep the school the same size by raising the academic standards for admission.

8. to 11. & 13. For these five questions respondents checked one of six choices: agree strongly, agree somewhat, agree, disagree strongly, disagree somewhat, disagree. The first number recorded below after the question is the total number of agrees. Beside this is a threesome of figures in brackets that portray the numbers of agree strongly, somewhat, agree: the number below the total agrees figure is the total number of disagrees. Bracketed beside this number are the numbers of disagree strongly, somewhat, and disagree.

8. Q. More emphasis should be placed on science and technology at Canadian independent schools in the next fifty years.

A. 166 (64, 60, 42)
21 (5, 8, 8)

9. Q. The athletic programme should continue to be a vitally important factor in a Ridley education and time devoted should not be diminished.

A. 183 (141, 20, 22)
15 (0, 9, 6)

15. Q. Which of the following courses or fields of academic endeavour would you feel should be added to the Ridley curriculum as credit courses?

A.
Respondents choices ranked in order of priority
130 Accounting & Finance
89 Politics & Law
70 French Immersion
55 Logic & Philosophy

Foreground: John Anderson '65 is enjoying the Conference. Behind him Andrew Chant '63 ready to ask a question.

32 Family Studies

*Other
Greek, Russian, Computer Studies, Micro-Computer Studies, Drama, Typing, History "Chair" for Canadian Studies from both an English and French perspective, Music and Art appreciation, Creative writing, General business.

16. Q. Are there any other issues you would like to comment on?

A.
There is neither the space nor the time here to devote to the many comments received. One out of every three questionnaires came back with between two or three sentences up to a formal three to four page typed comment. For all of these received we are indeed grateful. Now from an administrative point of view there are issues to write about in TIGER, issues which you have indicated to the School are worth knowing more about. Thank you to all who contributed.

Headmaster's Conference

Results:

1. The Conference cultivated an understanding of the depth and flexibility of a boarding school in the 1980's with 565 students, a Faculty of more than 50, a budget in the vicinity of \$4,000,000. a year, graduating 100 to 120 students a year, and dispensing close to half a million dollars in financial assistance annually. Members of the Board of Governors and the Advisory Council, even Chairmen of Committees of the Board, learned things that they never knew before about Ridley

Current Parent S.O.A.K. Hansen '59 drives back to Upper School after completing the Tour at the Conference.

today. Class Agents of the Ridley Fund particularly benefitted, and will be able to write and speak with inside knowledge to their classmates.

2. Overwhelming support for increasing faculty salaries and benefits in the context of a Programme for Faculty Excellence which stresses ongoing evaluation as well as an extension of teaching skills and subject command.
3. Broad support for continuing to increase the pool of potential high calibre applicants to Ridley by further increase of our scholarship and bursary budget including a tuition loan programme.
4. General agreement that science, computers, the graphic and the performing arts need significantly expanded facilities.
5. Acceptance of, and support for, significantly increased endowment; in order to enable Ridley to prosper into its 2nd century, to fund No. 2 & 3. above without pushing tuition and fees out of reach for all but a handful of families, and at the same time to ensure that no qualified son or daughter of a Ridley Alumni is denied the possibility of attending the School because of financial need.
6. Appreciation of both the continuity and the change in Ridley's curriculum, sports, extra curriculars, moral, and spiritual education. Participants generally were not overly surprised at the changes, though they learned many particulars they had not known; what was most surprising to many were the continuities, however many superficialities had changed.

Conclusions:

1. What distinctly evolved was a determination not to let drop both the spirit and the substance of the issues raised by the Conference. Almost all participants felt that there had not been enough time to digest all the information and ideas, to critically analyse, or to engage in meaningful dialogue or discussion of them. It is a strong recommendation that either semi-annual Conferences be held, and/or that substantive workshops on specific aspects of Ridley today be made a part of already existing functions for the Ridley Family on campus, such as the annual Governors meetings, Association Weekend, Ridley Fund Volunteers meetings, and at Parents' Days.
2. Specific questions which some participants feel must be examined and discussed further include the future size and composition of the School; the future of the Lower School particularly given the impact of the movement of Ontario education toward a 4-year secondary programme. The question of the continuing problem of how to fit more and more activities into the same amount of time while academic demands increase; of grade escalation in the province as a whole; and the single-minded fixation of Ontario universities on grade point average as the sole criteria for admission.

All these issues can and will be explored in some detail in the next few years. There is no question but that the Headmaster's Conference has not only opened many eyes, but stimulated many people to a more active interest in the School and its future.

WE MADE IT THIS YEAR!

THANK YOU

The Ridley Fund

SURPASSES
\$200,000

TARGET — \$200,000

TOTAL (27 JUNE) — \$203,700

At press time The Ridley Fund has passed \$200,000 for the first time. This is an orange letter day for us here at Ridley.

We sincerely thank all of you who contributed so generously. All of us at Ridley and those of us responsible for The Ridley Fund, appreciate the fact that those of you who have given to the Fund recognize that Ridley both deserves and continues to need your financial support.

The Financial Support Committee wishes to express its gratitude to all the Group Captains, Class Agents, Grade Agents and their Associates (200 in all) for the time and effort they expended on behalf of The Ridley Fund.

Branch Meetings

Montreal

The annual meeting of the Montreal branch was held again this year at the Montreal Racket Club on the evening of Wednesday 25 April. The arrangements and administrative details were admirably handled by the Branch chairman, Jamie R. O. McIntyre '66, with assistance from Patrick R. Guest '65, and John M. Stevens '42.

Over twenty-five Ridleians attended the meeting which was most enjoyable. Mrs. Janet Lewis, Housemaster and assistant director of Admissions, and two prefects, Robin MacAulay and Tom Urban, represented the School along with Sam Heaman '39 from the Association and Foundation.

**Toronto: Jay Gould '73; Chantal Ramsay '74;
Mr. H. J. Packard; Rev. Mr. D. P. Hunt;
E. Peter Elwood '66.**

Kitchener-Cambridge-Guelph

After a pause of three years, a branch meeting was organized by Rick Hobson '58, at the Westmount Golf & Country Club on Wednesday 23 May.

About twenty-five Association members turned out to welcome our Headmaster, Jere Packard, on his first official visit to the branch. Sam Heaman, representing the Association, and Virginia Medland, our new development officer, accompanied the Headmaster.

Jere brought those attending up to date on the affairs of the School and answered a number of questions asked by interested Association members.

It was a most pleasant evening and it is hoped that two or three Alumni will volunteer to serve as a branch executive. This will ensure an annual event that will draw greater attendance.

**Montreal: Suzanne Levesque, Current Parent;
Pat Guest '65; Hugh Slater '44; Robin MacAulay '84;
Tom Urban '84; Lucile Valiquette.**

Toronto

Our Toronto branch dinner was the 86th. It was held at the Albany Club on Wednesday 16 May. The chairman of the dinner was Jay Gould '73, ably assisted by Chantal Ramsay '74.

Attendance was about one hundred and twenty-five, including seven female graduates. We hope double the number will turn out next year.

The guest speaker of the evening was Geoff Stevens '58, the managing editor of The Globe & Mail. Geoff gave a very interesting speech that brought us up to date on the political situation in Ottawa and prepared us for the recent Liberal leadership convention.

A most pleasant evening that was enjoyed by all who attended.

London/Sarnia

Once again the London Hunt & Country Club was the location of the annual branch meeting which was held on Wednesday 30 May under the very able chairmanship of Bob Purdom '46.

About seventy Association members attended the party on a pleasant spring afternoon. We had attending a number of younger Alumni, which was most welcome, as well as the parents of some newly admitted students.

The Headmaster, Jere Packard, addressed the gathering on a number of important aspects of the School and then opened the meeting to questions, many of which were most stimulating.

Also attending the meeting were Sam and Libby Heaman representing the Association and Virginia Medland, our new development officer who is primarily working on the upcoming Second Century campaign.

London: The Hon. Judge Ross Webster '60; Ken Murray '33; Bev Purdom; Bob Purdom '46, Branch Chairman.

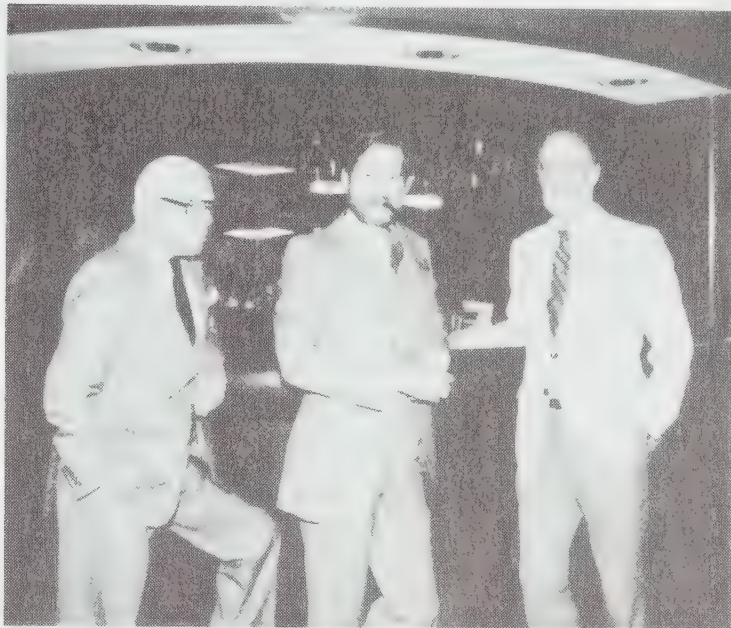

Ottawa

Spring was in full flower in Ottawa on Thursday 31 May the date of the annual branch meeting and preparations were in full swing for the upcoming Liberal leadership convention.

Pat Armstrong '65 again organized and ably chaired the meeting which was attended by about twenty-five Asso-

ciation members, including Current Parents.

Brian Iggulden, director of Sports Ridley, was the guest speaker and colour slide operator. Brian's presentation on athletics at Ridley was most interesting and stimulated a number of questions from the audience. Sam and Libby Heaman accompanied Brian as representatives of the Association.

Ottawa: Kendrick Venables '34; Pat Armstrong '65, Branch Chairman; Dr. Neville Taylor '51.

JOHN R. G. DROPE 1924-1983

It is with deep regret and sadness that we report the death of John on the 29th of December. John died as he had lived. With exuberance. His last minutes were spent with his family on the ski slopes of the Osler Bluff Ski Club near Collingwood.

When John arrived at Ridley in 1933, he became a member of what eventually became the Class of 1942. A formidable group of which John was a leader. By the time John left Ridley (at Easter 1942 to join the RCNVR) he was a Prefect, flying wing on the Football team, a redoubtable goal keeper on the Hockey team and one of the best cricket batsmen that Ridley has produced. For the older Alumni, John, in post-Ridley days, was a long time member of the Sahara Desert Canoe Club.

After service as a wartime naval officer from 1942-45, John returned to civilian life and joined Canadian Ingersoll Rand. Then he formed Drope Paving & Construction Company which operated in the Toronto and Niagara Peninsula area.

In 1970 John began a new career as partner, manager and latterly owner of the Pillar & Post Inn & Restaurant in Niagara-on-the-Lake. The Inn has become

one of the best known hotels and convention centres in the peninsula.

John's long abiding faith and love for Ridley was recognized in 1966 when he was appointed a Governor of the School, a position he held until 1976 when he was appointed to the Advisory Council of the Board. He was one of the finest Property Committee chairmen the Board has had and the School will forever be in his debt for the time and effort he put into this most important position during the years 1967 to 1976.

Many community organizations benefited from John's presence and counsel. He was a director of the Shaw Festival, the Niagara Foundation, an organizer of the annual tour of Niagara-on-the-Lake homes and, at the time of his death, was in charge of corporate fund raising to restore the 137 year old Niagara Court House.

We extend our sincere sympathy, on the untimely loss of John, to his lovely wife, Mary, and his children, Kathy, Pat, Sarah, Nancy and Will.

Sam Heaman

FRANKLIN L. HANNA (1907 - 1983)

The Ridley family notes with sadness the passing of Franklin L. Hanna on December 26, 1983 in St. Catharines.

Frank was for more than three decades a master at the School, retiring in 1973. Even thereafter, he continued to serve, running the Upper School bookstore.

Born April 6, 1907 in Mornington Township, Perth County, Ontario, Frank began his lengthy teaching career in the same township public school he had attended. Prior to joining the Ridley faculty in 1942, he taught in a number of Ontario communities, including almost a decade at the Robertson School, St. Catharines. In 1940, Frank married the former Hazel Marlatt.

Beyond his devotion to Ridley, Frank gave active service to the community in coaching hockey and in church life, for a time People's Warden at St. Thomas' Church and a Lay Delegate to Synod. In 1966, Frank was made an Honourary Member of the Ridley Association.

Our sympathies go to Frank's son, Jay and brother, J. Harold Hanna of Toronto.
